

A Question of 3C's
CONSIDERATION, CAPACITY & COMMITMENT

An Observation and Experience in Autonomous
Movement
(local context)

prepared by:
Etniko bandido infoshop

History: for the past 15 years autonomous/
anarchist individuals and groups that emerge in
the Philippines didn't sustain their kind of activism
partly because of:

- frustration
- stress
- dis-illusion
- economic burden

Examples:

anarchist hard line activist shifted to:

- *spiritual organization

- *corporate world

- *“normal life”

detachment rather than attachment

disclaiming rather than reclaiming

A Suggested Guide to minimize
frustration
stress
dis-illusion
economic burden

Guide no.1

Compliment

Practical activism

- Practice before analysis
- Experience(base on actual situation)
- Marginalize
- Real & exisiting
- On-hands/near
- Family base/small unit
- Internal
- Non-privilege
- Immediate result
- independent

Non-practical activism

- Theory before practice
- Imagination
- Intellectual/academe
- Idealist
- Far/future
- Wider scope
- External
- privilege

Guide no.2

- Interest- objective, needs
- Time availability- family, work, love life etc.
- Resources- economic status in life, financial priority, livelihood, sustainability
